

A floor plan of a laboratory room labeled M-128. The room has a thick grey border representing the walls. Along the top wall, there is a rectangular area with a stippled pattern labeled 'HOOD' and a small square labeled 'Sink'. In the center of the room, there are three main pieces of equipment: a rectangle on the left labeled 'X-Ray Diffraction', a smaller rectangle in the middle, and a larger pentagon on the right labeled 'X-Ray Diffraction'. To the right of the pentagon is another rectangle, and below it is a circle. The bottom wall is a solid grey line.
